FRESHMEN

President - Benny Zobrist
V. President - Pete Weflen
Secretary - Janet Ruch
Treasurer - Mark Skiles

Freshmen find themselves low men on the totem pole. This was their first year of choosing classes and obtaining credits. All they have left are classes, exams, a pork chop barbecue, a candy sale, a prom and then there is graduation.

Teachers are a vital part of any student's involvement in school. Seventh graders, especially, need proper guidance as they adjust to the activities of Clinton Prairie, whether it be sports, classes, or organizations.

SENIORS

SENIORS

Senior Class Officers: Bill Villars - Pres., Dave Holloway - V. Pres.
Beth Schaffer - Sec., Fred Walker - Treas.

A Senior is someone who . . . . is happy to finally be a Senior; remembers the hassle of making money for the Prom as Juniors; buys a Senior T-shirt and wears it once or twice; acts surprised when "someone" pulls a Senior Prank; realizes this is the last year he can "forget" books, be late for class, and find excuses to skip school; thinks he should get away with everything because he's a Senior - and usually does; enjoys the Senior Prom - probably because he didn't have to spend two weeks working on it; looks to graduation with a lot of anticipation - and a little regret; thinks of the "good ole days" when he was a Freshman; has many happy memories of the years he has shared with his classmates and thinks that maybe school wasn't so bad.

- John Denver

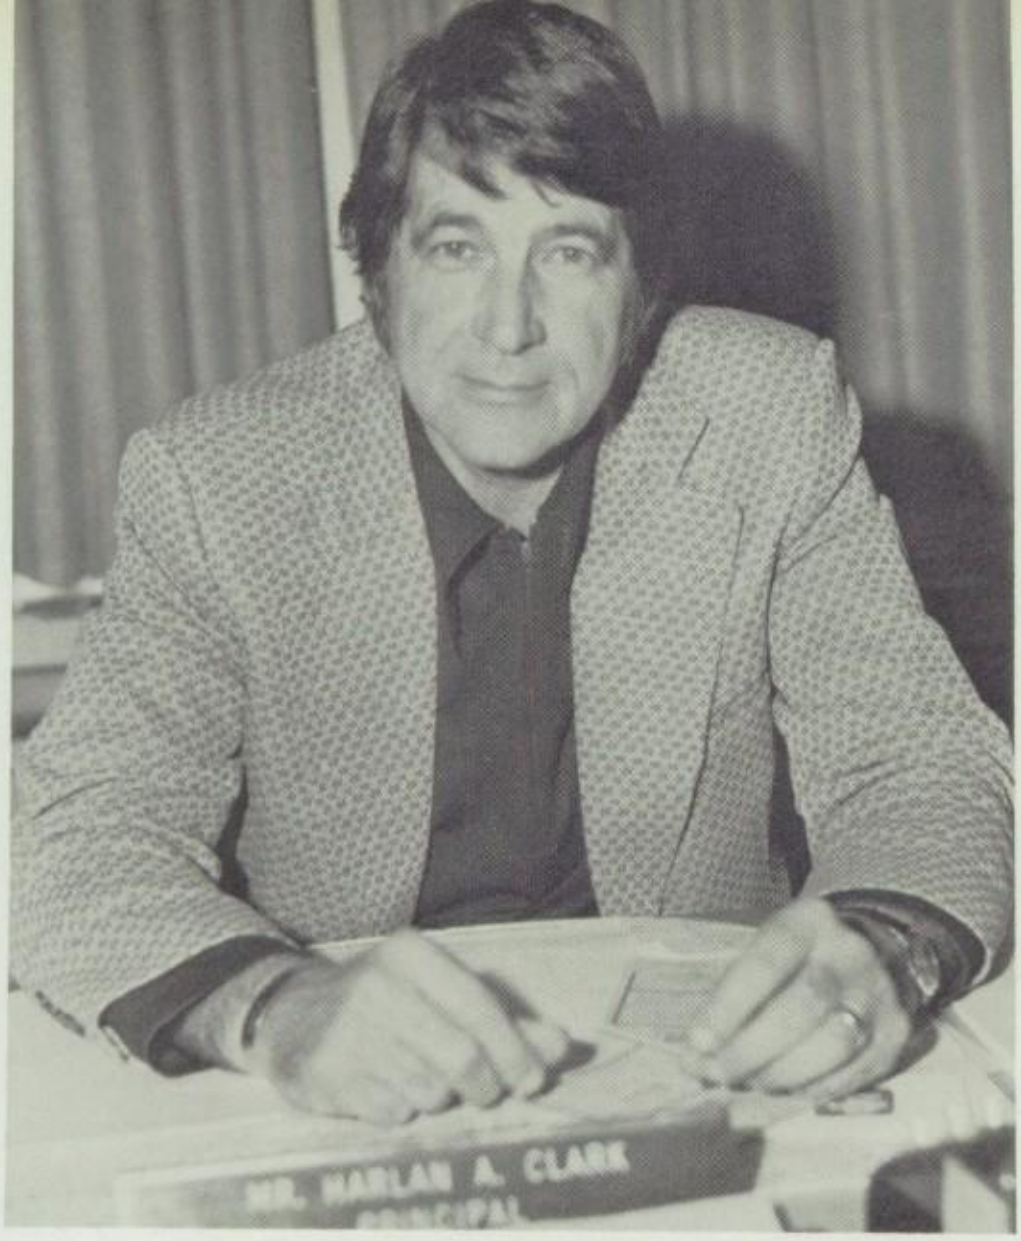
ADMINISTRATION & FACULTY

ADMINISTRATION & FACULTY

School Board Members - I. Lock, W. Salmon, D. Davis, R. Moore, and M. Pollard - must see to it that the Clinton Prairie School Corporation meets Indiana's requirements for textbooks, facilities and teacher's certification.

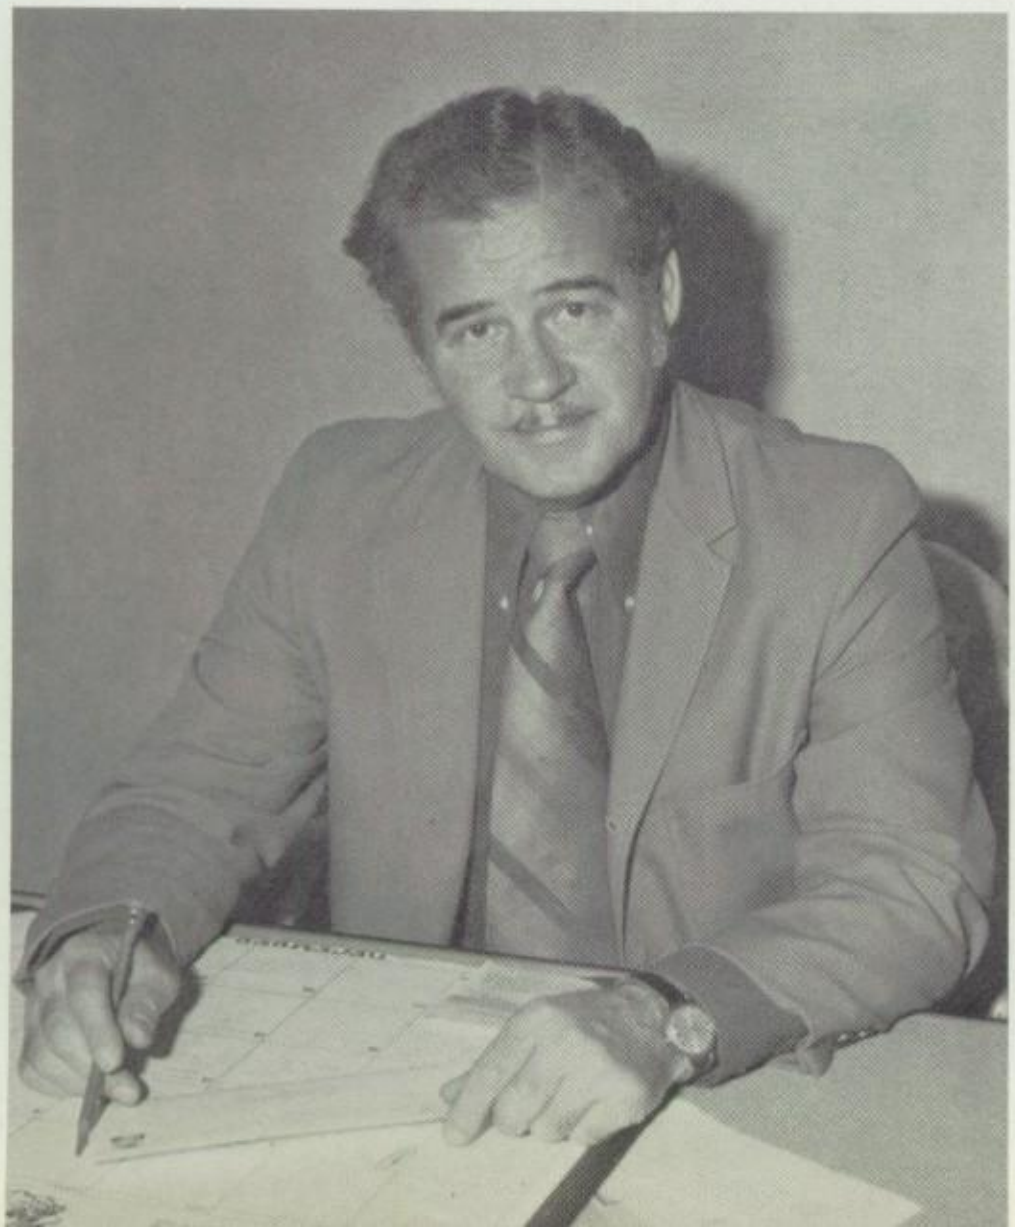
Mr. H. Hoffman's responsibilities cover the day-to-day activities of both the high school and the elementary school which can include anything from budgets to maintenance repair.

Ms. H. Kimmel, and Ms. B. Siekman are, perhaps, two of the most important people in the corporation. Everything from classroom purchase request to teachers' paychecks must be recorded properly by these two ladies.



HARLAN CLARK
PRINCIPAL

Mr. Clark's main responsibility is to try and improve the school system's total educational program. Though the duties of a principal are many, Mr. Clark still has time to help a student who has a problem or to help a faculty member in any way he can. It is a taxing job but Mr. Clark thoroughly enjoys it.

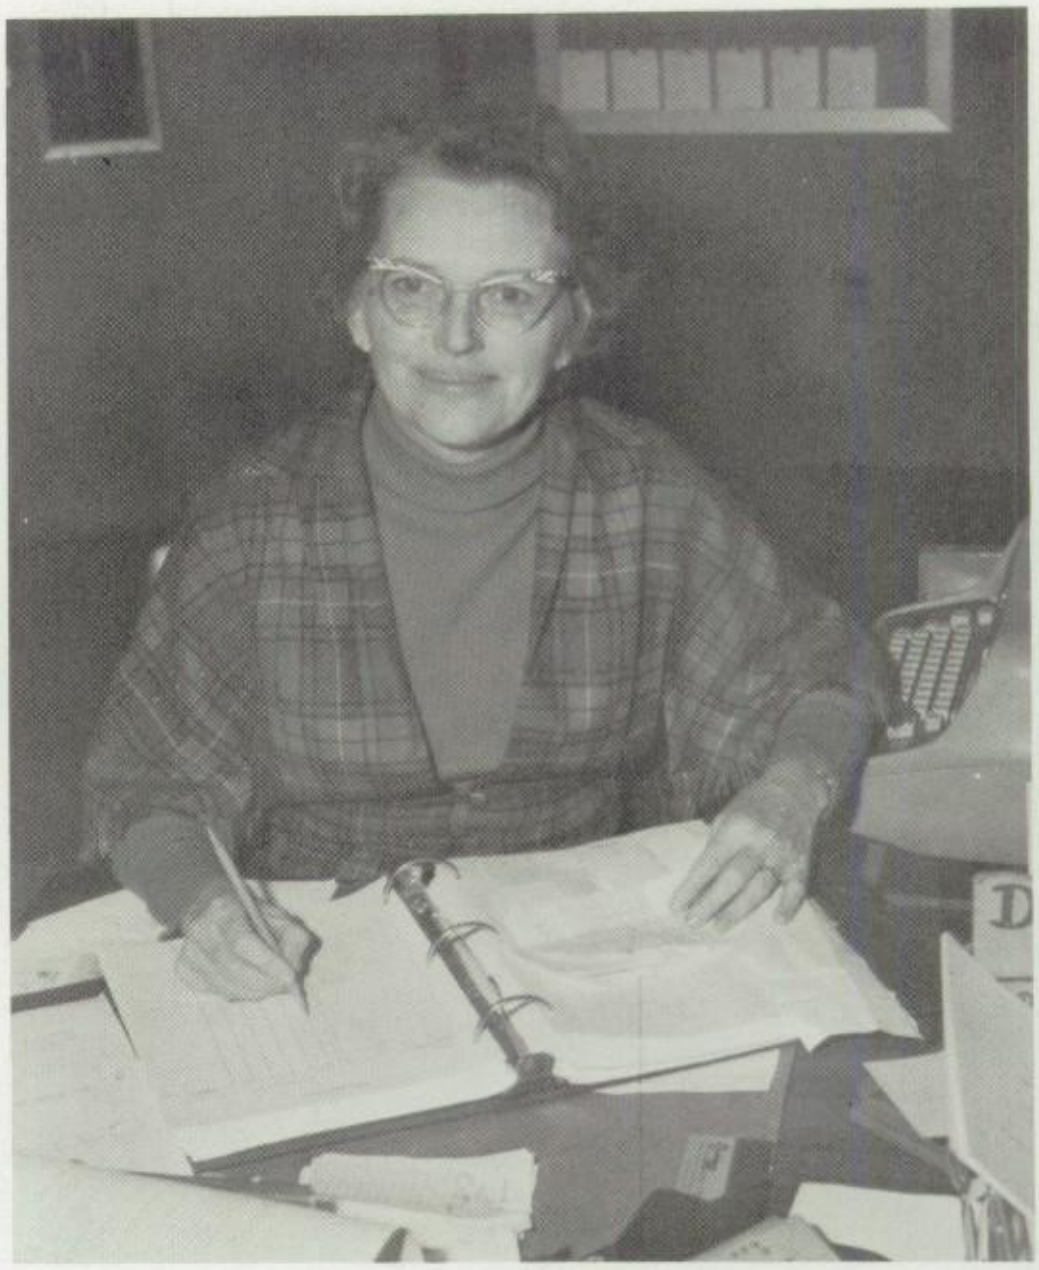


CLIFFORD KEIHN
ASSISTANT PRINCIPAL

As Assistant Principal, it is Mr. Keihn's duty to take over the responsibility of keeping the school under control in the absence of the Principal. Besides performing his numerous responsibilities as Assistant Principal, Mr. Keihn teaches one English class and is the Athletic Director.

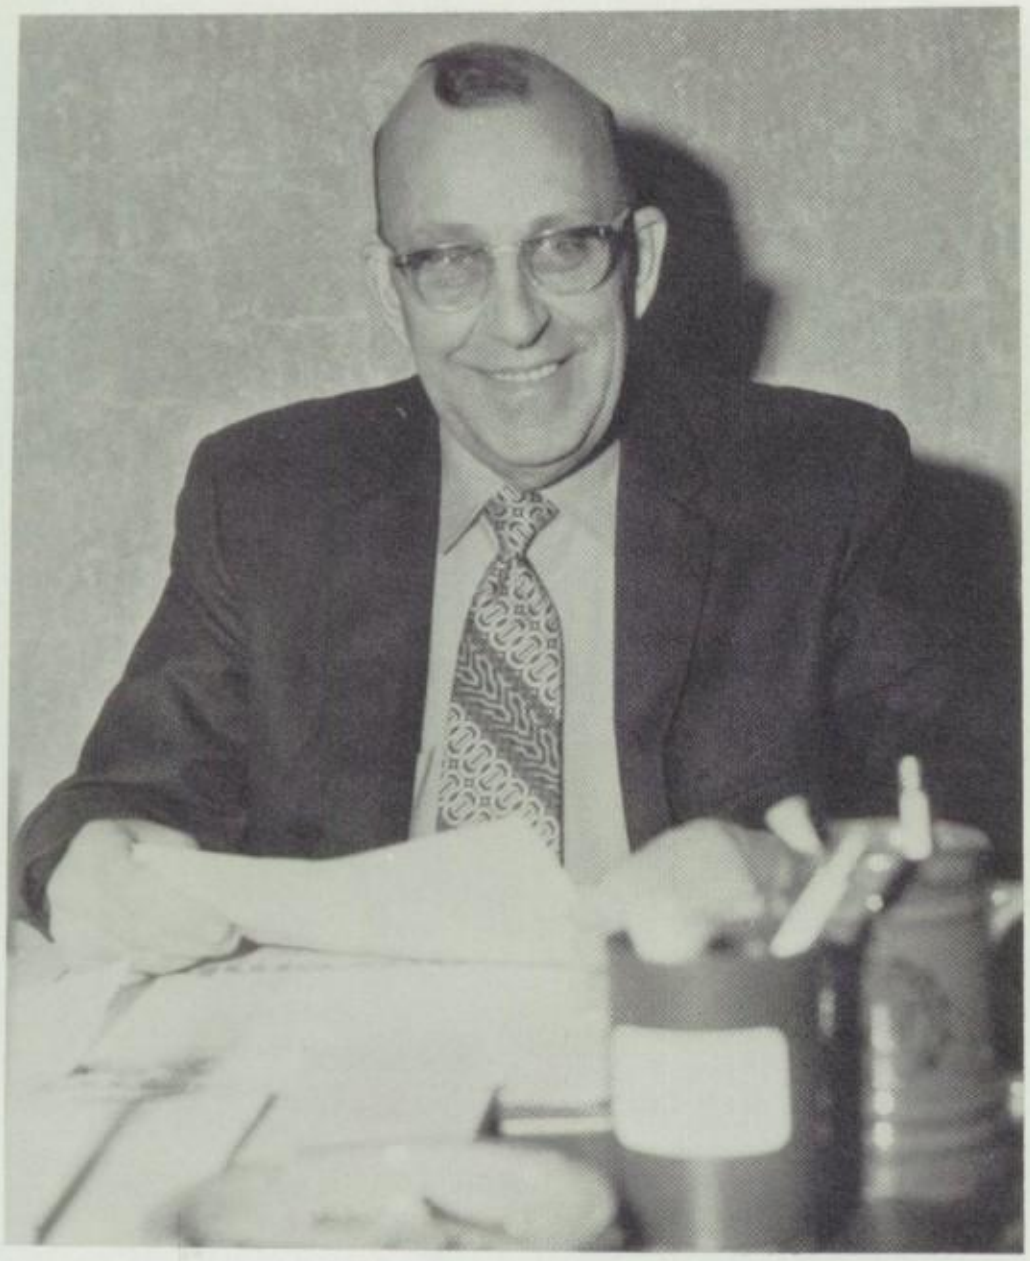
Marian Sims
Secretary

Someone indispensable to any school system is the secretary and Ms. Sims fills this role very well. Her jobs are too numerous to mention but her day could include anything from assisting a student who is ill to helping a teacher run off a ditto to taking notes at a faculty meeting. Always busy but always willing to help, Ms. Sims is a necessary part of the CP staff.



Marilyn Price
Extra-Curricular
Treasurer

New to the school system, Ms. Price quickly became adept to the obligations of her job. Whether it be keeping track of the various club treasuries, filling out purchase orders for materials requested or counting lunch money, Ms. Price has done an efficient job and has become a personable new addition to the staff.



Maurice Croxton
Guidance Counselor

The responsibilities of a guidance director are many. Mr. Croxton must keep permanent records up to date, enroll new students, administer various tests and help seniors enroll in various schools. These duties are by no means inclusive; they only give an indication of his job. Mr. Croxton is also involved in helping students get into the different co-op and vocational opportunities available.

Bernice McCurdy
Jr. High Guidance Counselor

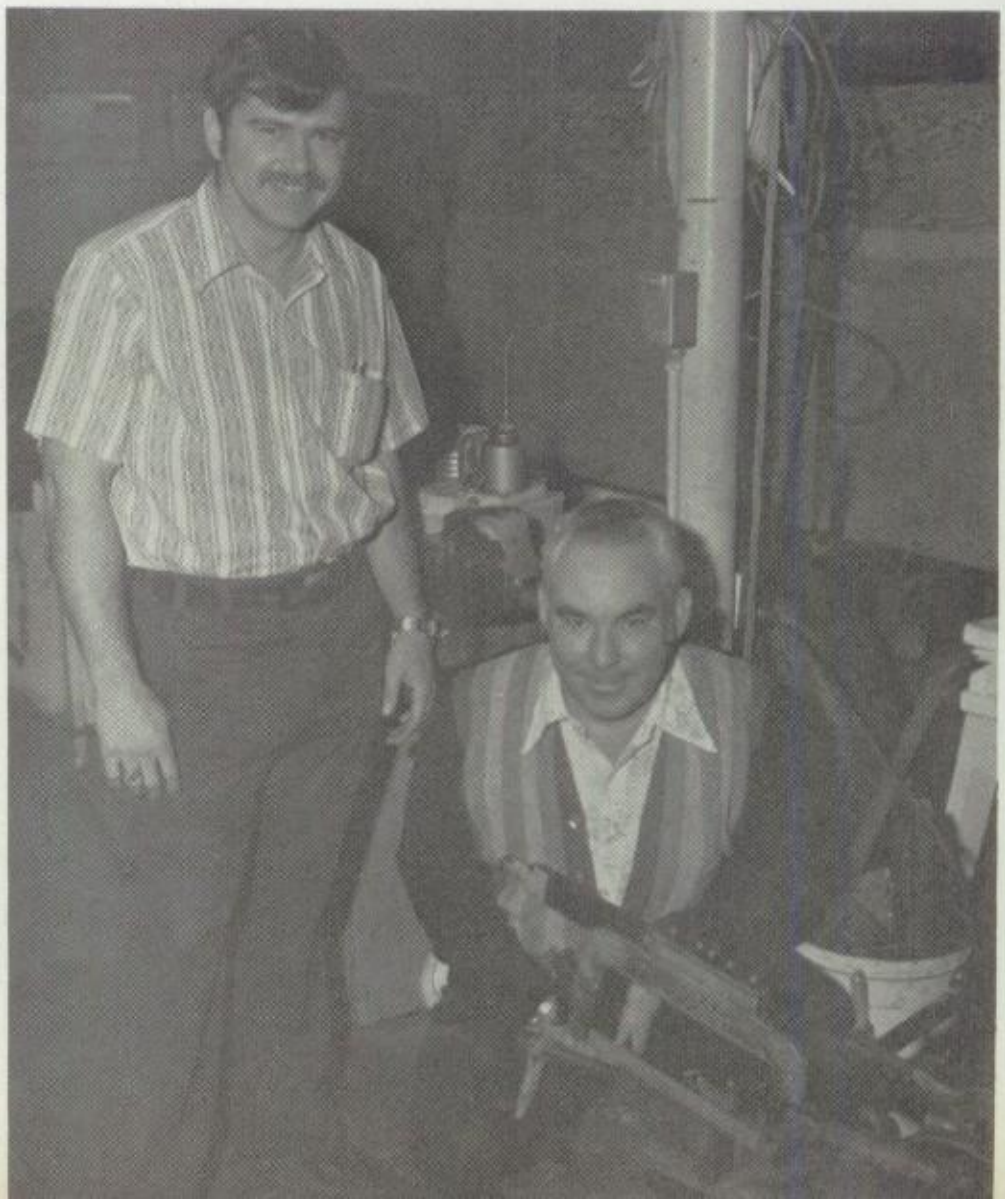
Another new member on the staff is Ms. McCurdy who has taken on part-time duties in the guidance office. Even though most of her work involves the Junior High, she is very willing to assist any student in determining the course of study he should follow or, perhaps, what he should do after he graduates.

Industrial Arts

The Industrial Arts Department, which is chaired by Mr. Dan Grayson, is for those students interested in such fields as mechanics, metals fabrication, building trades and electricity. Working closely with the Home Economics Department, the Industrial Arts Department offers a course for junior high girls. Other staff members are Mr. Leland Bradley, Mr. Dennis McDonald and Mr. James Carr.

Agriculture

The Agriculture Department, directed by Mr. Ledward Smith and Mr. James Carr, is responsible for training those students interested in the different agricultural fields. Areas such as soil judging, farm mechanics and agrarian financing are covered in this department.



Math

The Math Department, under the direction of Mr. Donald Bowen, is responsible for teaching students the different concepts of math which could be helpful in other areas or could lead students into specialized fields of math. Other members of the department include Ms. Jean Lange, Mr. Frank Burton, Mr. Tim Woodruff, and Ms. Linda Harrold.

Business

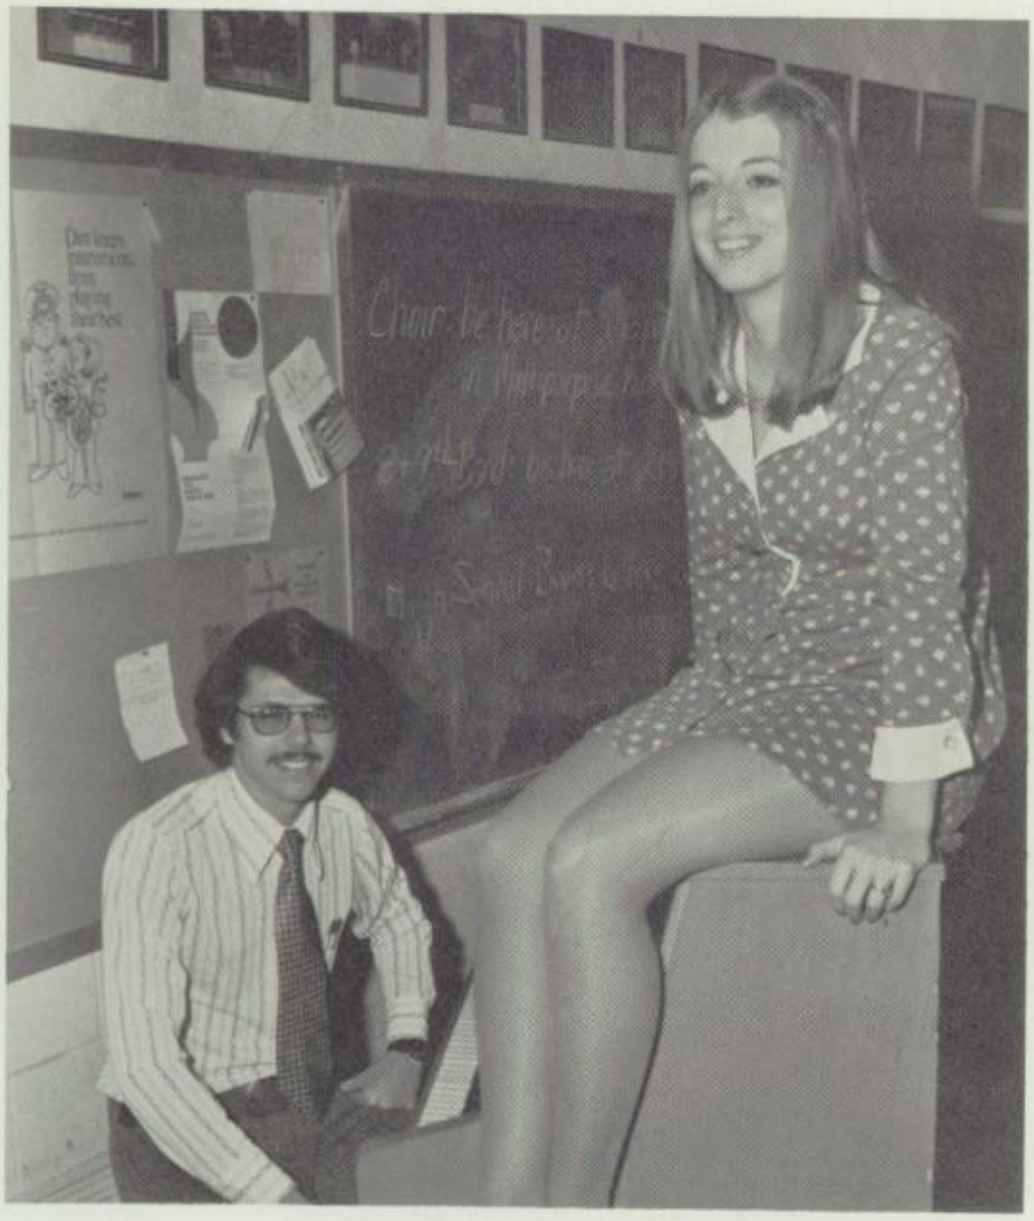
The Business Department members--Ms. Joy Woodruff, Mr. Roy Cleavers and Mr. George Bradfield --offer a variety of courses for those students interested in the different business fields of today. A unique opportunity for some is the co-op program for those seriously interested in secretarial training.

Home Economics

The staff of the Home Economics Department --Ms. Esther Hollenbeck and Ms. Joan Platt-- try to see to it that the girls of Clinton Prairie are exposed to such areas as interior decorating, child care and development and, of course, cooking and sewing. Junior High boys now have a chance to take a course in home economics.

Physical Education

The Physical Education Department which includes Ms. Connie Garrett, Mr. Bob Smith and Mr. Mike Williams, is responsible for keeping the students at Clinton Prairie in good physical shape. Also they offer a health course in which they hope to make the students aware of the requirements of staying in good physical condition.



Music

The Music Department, under the direction of Mr. Robert Snyder and Ms. Jacquelyn Howell, is responsible for teaching students the different fundamentals of vocal and instrumental music. These two people are constantly busy preparing the bands and vocal groups for concerts, competition and the variety show.

Art

Ms. Karen Seward is the Art Department. Keeping her students busy with a series of unique projects Ms. Seward still finds time to do a beautiful job on the scenery and backdrops for the school play and the variety show.

This department, the largest at Clinton Prairie, consists of Mr. Lee Moyer, Mr. John Glick, Mr. James Compton, Mr. Clifford Keihn, Ms. Dorothy Dilley, Ms. Debbie Jones and Ms. Carrie Rust. Other members of the department are Ms. Jo Ann Strychalski, Mr. Tony Cook, Mr. Andy Adamson, and Mr. Bud Badger.

Library

Ms. Jean Hurt, Librarian, and Ms. Barbara Waldron, Assistant Librarian, are responsible for keeping the library as up to date as is within their power. It's a difficult job when one thinks of all the new books, charts, maps, magazines and graphs that are published daily. Not only do they keep the library in order but they must also train students to operate and repair the different audio-visual materials used by students and faculty members.

HOMECOMING

This year's homecoming was the highlight of the football season. However, all of the festivities didn't take place on the night of the football game. The night before the "big game" there was a pep session - bonfire which raised everyone's spirits. The day of the the game, the Sunshine Society sold traditional homecoming mums. Of course, the whole week before the game, everyone hurried to vote for the senior girl of their choice to reign as homecoming queen. The night of the game, the junior class held a pork chop barbeque. The game was followed by a dance.

Senior members of the baseball team are: B. Villars, K. Downs, D. Clay, B. Huddleston, D. Holloway and L. Virgin.

Named to the All-Conference Team were Larry Virgin and Bill Villars. Dave Holloway received Honorable Mention. Virgin was a unanimous choice with his .692 conference batting average while Villars had a .444 conference batting average.

With many wrestlers returning for next year's varsity team, Clinton Prairie will have even brighter prospects for greater wrestling success.

The varsity track team has some good potential coming up from the Junior High Boys' Track Team. With Outstanding performances from 7th graders, B. Smith, S. Fickle and D. Chambers and 8th graders, M. Biesecker, G. Pullen, R. Simmons, the school can look forward to a promising track team.

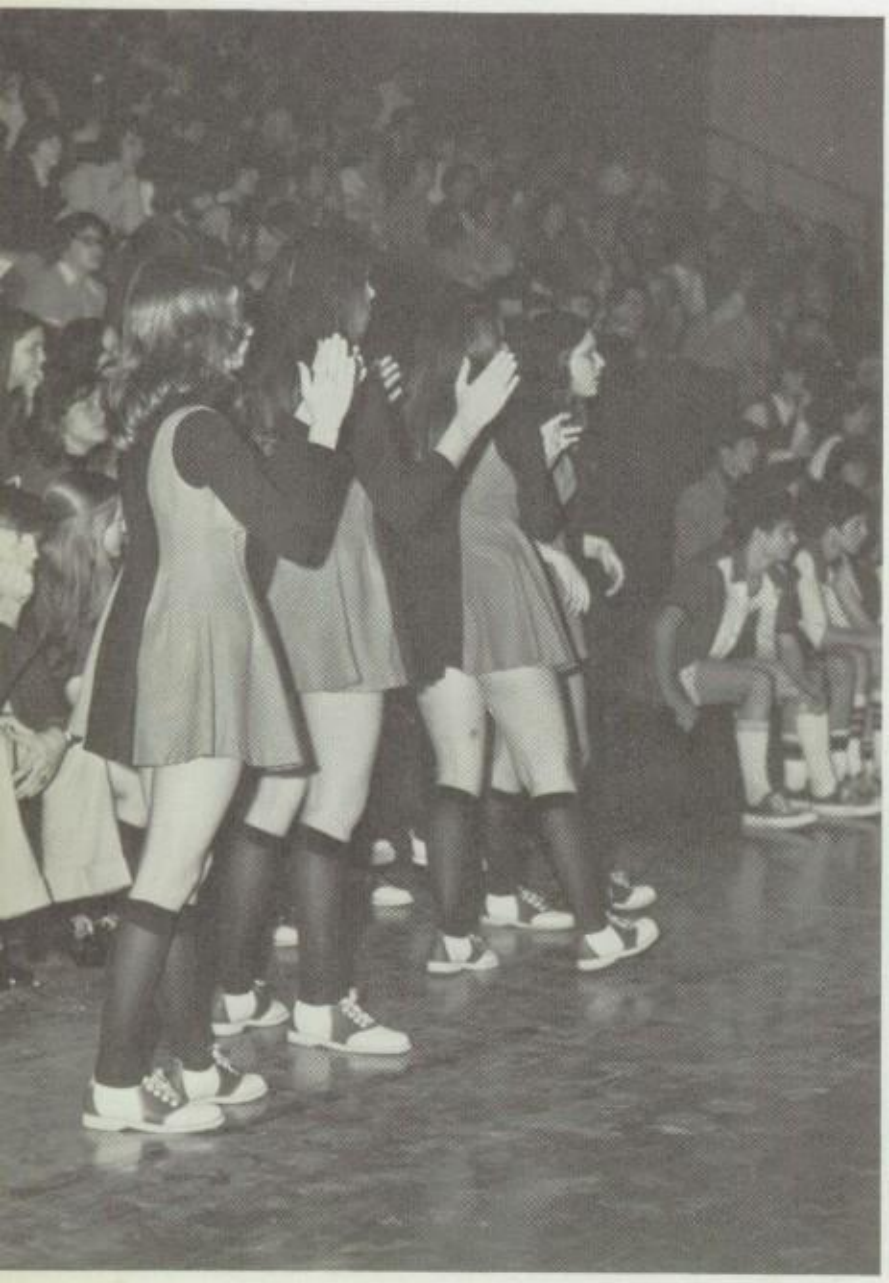
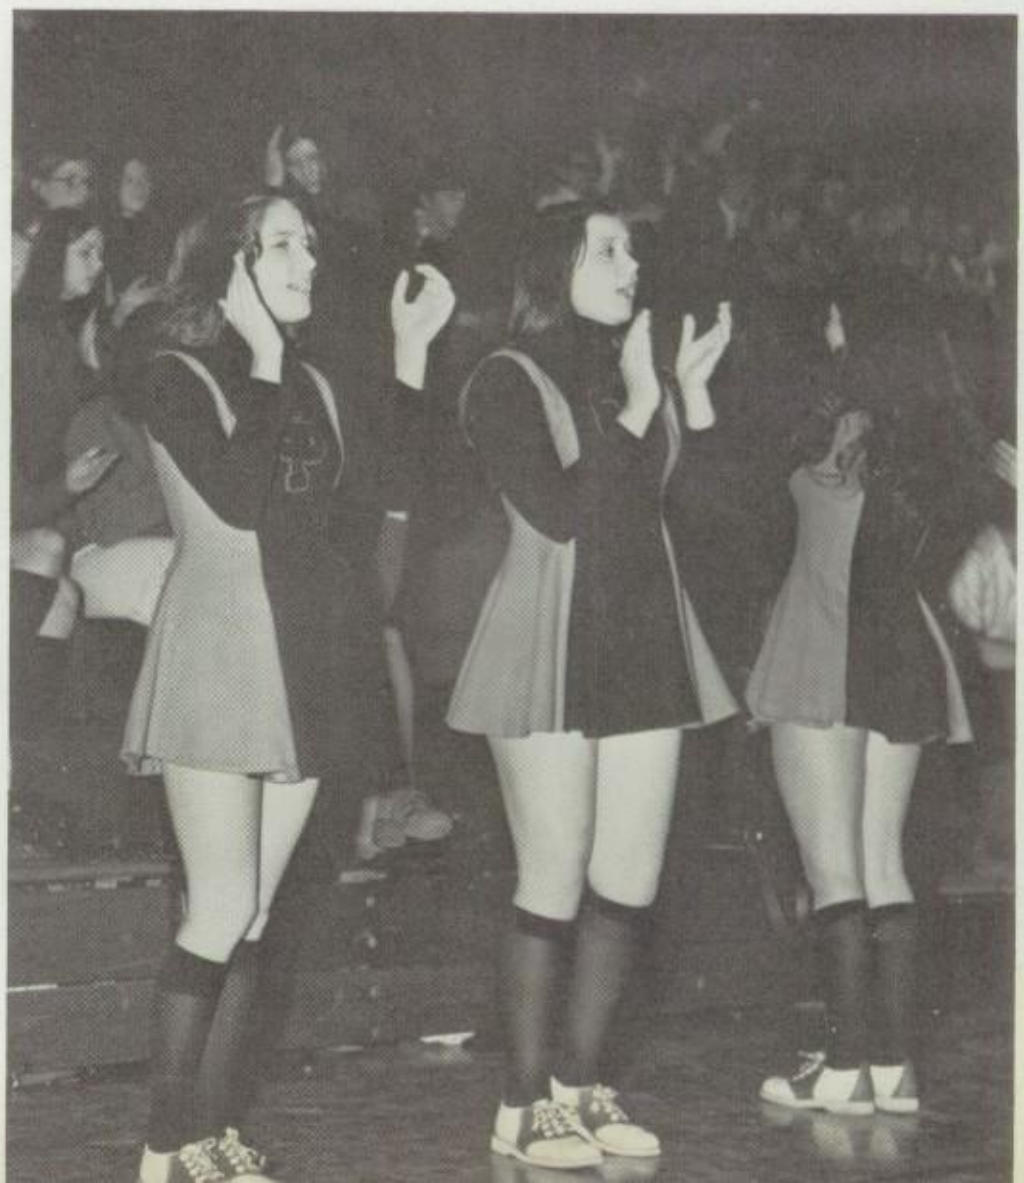
WE ARE





What does it take to be a cheerleader? Among other things--to make mistakes with finesse, to politely tell the referee he's wrong, to hold a position for five minutes waiting for the basketball boys to come on the floor, to cheer wildly when we win and to accept defeat gracefully, to admire other squads but secretly hope you look better, to have a loud voice--constantly and, above all, to know that you've done the best you possibly could.

THEY NEVER QUITE LEAVE US

They never quite leave us, our friends who have passed
Through the shadows of death to the sunlight above;

A thousand sweet memories are holding them fast
To the places they blessed with their presence and love.

The work which they left and the books which they read
Speak mutely, through still with an eloquence rare,

And the songs that they sang, the words that they said,
Yet linger and sigh on the desolate air.
